

CITY OF ROCKPORT, INDIANA
RESOLUTION 2010-3

ROCKPORT WEATHERIZATION

Paul Metcalf and Jordan Thompson have informed the Common Council of the City of Rockport that federal funds are being received for the purpose of weatherizing homes owned by low income persons which includes clearing, repairing or replacing a heating furnace in poor condition, inefficient hot water heater, less than adequate insulation, weather stripping, caulking, and similar repairs and replacements. Paul Metcalf and Jordan Thompson have requested the cooperation and assistance of the City of Rockport to implement such program ("Wx program"), and the Common Council deems it appropriate to do so. Upon motion duly made and seconded and unanimously carried, it is

RESOLVED that the City of Rockport shall assist Paul Metcalf and Jordan Thompson in formulating a plan to:

Make city area residents aware of the Wx program now and how to submit requests for it;

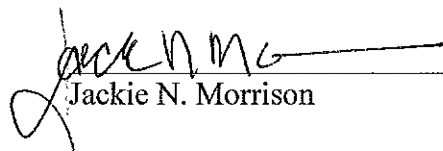

Make all area home owners aware of the benefits of Wx and how to reduce utility bills at once;

Hold public Wx training in the Rockport local areas as needed for hands on experience; and

Review what other energy saving associated areas might be of interest to nurture.

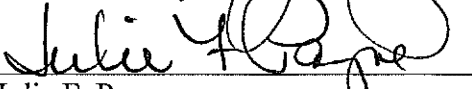

All of which is resolved this 1 day of March, 2010.

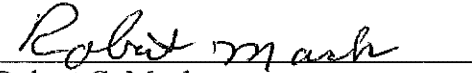

Common Council:

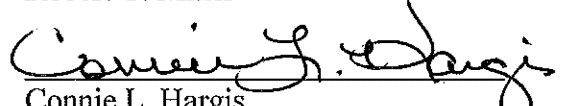

Jackie N. Morrison

Ferman Yearby, III

Julie F. Payne

Robert C. Mack

Connie L. Hargis

Attest: Harold D. Goffinet
