## FISCAL PLAN

### ROCKPORT CITY PARK

#### INTRODUCTION

The City of Rockport, Indiana seeks annexation of the Rockport City Park into the City of Rockport. The City of Rockport is committed to providing capital and non-capital services to the land proposed for annexation in the same manner as areas currently within the City limits, regardless of similarity. Any monetary figures presented here are merely estimates, subject to change. Many variables, including the rate and extent of future development, future property assessments, and fluctuations in the cost of providing various services, are expected to have an influence.

It is anticipated that this annexation will not result in the elimination of jobs for employees or other government entities, but in the event it does, then the City of Rockport is hereby directed to assist such employees in obtaining new employment, but nothing shall require the City to hire any such employees.

This fiscal plan is for the areas included in proposed annexation Ordinance No. 2013-2.
